## Finca Sa Canova – an Overview

The typical Majorcan finca Sa Canova was built in the 1950s and has been used since 1973 as an agricultural experimental farm. In 2013 the finca became part of the Castell-Miquel estate. The vegetation there is lush again and considered to be a genuine treasure of the Balearic Islands. Surrounded by nature with its diverse plant and fruit varieties which are processed into products at the finca, Sa Canova offers a unique backdrop for your event.
